OBJECTIVE

while leveraging my skills and knowledge to support the success of the organization and foster my personal and professional growth.

EDUCATION

University of Visvesvaraya College of Engineering

B.Tech

2021-Present

CGPA: 7.55

SDPT PU College, Mandarathi

Class XII

2019-2021

Percentage: 75.83%

Government High school, Brahmavara

Class X

2019

Percentage: 74.88%

PROJECTS

Virtual Wardrobe | Spring Boot, React, Spring Security, MySQL, and AWS

Github

- Developed a full-stack web app for a virtual wardrobe where users can upload and manage clothing images.
- Implemented Spring Security for secure authentication and AWS S3 for image storage.
- Designed a React frontend to help users view, select outfits, and get clothing recommendations.
- Built a community page for selling, renting, and donating clothes, with a contact feature.
- Conducted integration testing with JUnit to validate the interaction between different components of the application.

VitalConnect | Java, MySQL, Object-Oriented Programming (OOP).

Github

- Built a system to manage blood inventory, donor information, and hospital requests, making it easier and faster to respond during emergencies.
- Created efficient ways to track blood supply and donors, ensuring accurate availability and safe storage of data.
- Used MySQL to manage and update data in real time, making it easy to access blood and donor information when needed.

Newsify | React, News API

Github

- Developed a React-based application that fetches and displays news articles from the News API.
- Enabled users to choose news categories for personalized content.
- Designed a user-friendly interface to display news headlines and links to full articles.
- Utilized React hooks for state management and lifecycle operations.

TECHNICAL SKILLS

- **Languages:** Java, SQL, HTML, CSS, JavaScript
- **Frameworks:** Spring Boot, React.js(Beginner)
- **Database:** MySQL
- **Concepts:** Object-Oriented Programming, Data Structures and Algorithms

EXTRACURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Participated in a state-level hackathon organized by Google Developer Student Clubs (GDSC).
- Represented my school in the state-level chess competition.
- Secured 1st place in a subdivision-level volleyball competition as part of my team.
